ABOUT ME

Enthusiastic third-year engineering student passionate about Data Science, Artificial Intelligence, and Machine Learning. Skilled in Python and data analytics, with a keen interest in solving real-world problems using AI-driven insights. Constantly exploring new technologies to enhance learning and innovation.

EDUCATION

JEPPIAAR INSTITUTE OF TECHNOLOGY
B-TECH(ARTIFICIAL INTELLIGENCE AND
DATA SCIENCE)

kunnam, Sriperumbudur
2023 - 2027

Cgpa - 8.36(upto 5th sem)

SETHU BHASKARA MATRICULATION
HR SEC SCHOOL (HSC)

Ambattur, Chennai

2022 - 2023

85.8%

SKILLS

- Data Analysis
- Machine learning
- Python
- Tableau
- SQL
- Excel
- Power Bi
- HTML, CSS
- AI

INTER-PERSONAL SKILLS

- Effective Communication
- Listening
- Adaptability
- Time management
- Postitive Attitude

LANGUAGES

- English
- Tamil
- Telugu

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.

WORK EXPERIENCE

Data Science Intern - QiBR Technologies

JUL - NOV 2025

Developed a database chatbot by extracting and normalizing metadata from multiple sources and integrating APIs with an LLM to enable automated, context-aware data retrieval and query handling.

AI & Data Analytics Intern - Concern Infotecch

Feb - Apr 2026

Completed a stipend-based AI & Data Analytics Internship, developing dashboards, implementing search features, building chatbots, and integrating APIs to create data-driven and intelligent applications.

PROJECTS

Basic Placement Assistant Chatbot

Developed a Placement Assistant Chatbot using conversational AI to help students quickly access company details, eligibility criteria, and interview information.

Finding Face similarity using ML

Developed a Face Similarity Application using machine learning to identify and retrieve profiles with similar facial features from an uploaded image.

Automated Appointment Scheduling System using n8n

Developed an automated appointment scheduling system using n8n, integrating triggers and APIs to handle bookings, calendar updates, and notifications efficiently.

Task Reminder System

Developed an automated Task Reminder System using n8n to send real-time email and chat notifications for upcoming deadlines and events, improving task management and reducing missed schedules.

AI-Powered Personalized Learning Path Generator

Developed an AI-Powered Personalized Learning Platform where users can access courses, take tests, earn certificates, explore jobs across India, and resolve doubts through an integrated AI chatbot.

Personal Portfolio Website

Created a personal portfolio website using HTML and CSS to showcase projects, skills, and achievements with a responsive and user-friendly design.

ACHIEVEMENTS

Presented a research paper titled "Smart Career Counseling – AI Powered Guidance for Future Success" at the 13th International Conference on Contemporary Engineering and Technology 2025, organized by Organization of Science and Innovative Engineering & Technology (OSIET), Chennai, in collaboration with Samarkand State University, Uzbekistan.

Team Tech Bytes was shortlisted among the Top 30 teams out of 300+ at the Tenkasi Hackathon (Startup TN). Received a Specially Mentioned Award from the District Revenue Officer, Tenkasi District.
